COUNTY SUE FOR \$2000 ON CLAIM

American Paper Products Company
of Carthage Says Commissioners
Refuse to Allow Claim

FOR BUILDING OF BRIDGE

Complaint, Together With Three
Others, First Filed in Circuit
Court This Year

The refusal of the county board of commissioners to allow the claim for the construction of a bridge on a highway southwest of Carthage, has been embodied in a suit filed today in court by the American Paper Products Company of Carthage, against the county commissioners, asking \$2,000 on an account.

This suit, with three other complaints, is the first filed this year in court.

The Carthage concern, in the complaint, alleges that they brought the attention of the county bridge to the commissioners in the summer months and that the commissioners told them to construct the bridge, and file their bill.

The complaint alleges that the commissioners fail to abide by their contract, and refuse to pay the claim for \$1,850.15. The complaint alleges that the bridge was necessary and was over a mill race, and on an important highway, over which United States mail is transported.

The complaint is quite lengthy, and sets out written letters regarding the transaction between Phil Wilk auditor, and the Carthage concern.

The first suit docketed in the circuit court this year was filed this morning, and is a complaint for divorce, filed by Eugene H. Hall against Maxine Hall, in which the defendant is charged with abandoning the plaintiff.

They were married January 1, 1916 and separated sometime in January 1921, according to the complaint, and it is alleged that she left him for no reasons, and also left a minor child in his custody. She is supposed to be living in Cleveland.

Another complaint was filed in court by Amanda M. Jackson, et al., against Charlotte Wilson, et al., in which the plaintiff asks the court to quiet the title to real estate which is involved in the estate of William M. Jackson, deceased.

Jasper Hester, et al., trustees for the Blue Ridge Wesleyan Methodist church, has filed suit in court against Edith M. Brown, et al., asking that the court establish a lost and mutilated will and to probate the same, involving the estate of John W. and Mary E. Zike, deceased.

A similar suit was filed several days ago.

FUNERAL FOR VICTIM OF BURNS ON FRIDAY

Services Will be Held For Mrs. Sophia Fey, 78, Who Was Fatally Burned at Laurel

2 CHILDREN IN RUSH COUNTY

Funeral services for Mrs. Sophia Fey, age seventy-eight years, who died as the result of being burned, at her home in Laurel, Monday night, will be held at the Methodist church in Laurel Friday morning at ten o'clock and burial will take place in the Laurel cemetery.

Mrs. Fey was widely known in southern Rush county and had two children living in this county, Joseph Fey of Richland township and Mrs. John Lipscomb of Anderson township.

Mrs. Fey was fatally burned last Sunday night and lived about twenty-four hours. She lived alone in Laurel, and during the night, when she rose to attend to the fire, her nightgown caught fire while she was lighting a coal oil lamp. She had on heavy woolen underclothing under the nightgown and her body was burned almost to a crisp.

Mrs. Fey was the widow of Adam Fey, who died twenty-nine years ago. She was born in Germany, as was Mr. Fey, and came to this country when a girl, with her parents.

The deceased is survived by eight children who are, in addition to the two living in Rush county; John Fey of Greensburg, Mrs. James Gard of Buena Vista, Ind., Andrew Fey of Laurel, Edward Fey of Red Cloud, Neb., Mrs. August Kowalt of near Connersville, and Albert Fey of near Andersonville. Twelve grandchildren and one great grandchild also survive.

LOREN MECK STOCK IS SOLD

Fred A. Caldwell Buys Furniture, Trustee Announces Today

The Loren Meck bankrupt stock of furniture has been sold to Fred A. Caldwell, Rushville furniture dealer, it was announced today by Will M. Frazee, trustee in bankruptcy. Mr. Caldwell said he had not decided what disposition he would make of the stock.

Negotiations have been in progress since the stock as a whole was advertised for sale a few weeks ago, and the contract was closed and the sale approved Wednesday by Harry Sheridan, referee in bankruptcy for this federal court district.

Mr. Meck made an assignment last November, but creditors filed involuntary bankruptcy proceedings, which took precedence over the assignment. John H. Kiplinger acted as temporary receiver for a few weeks before Mr. Frazee was appointed trustee to dispose of the stock.

NECESSARY NUISANCES

CROWD THIS WEEK A DISAPPOINTMENT

Attendance at Week Of Prayer Services Being Held This Week Urged By Ministers

SAME TOPICS OVER NATION

The Rev. Gibson Wilson delivered the sermon Wednesday night at the Main Street Christian church, in the weekly observance of the "Week of Prayer" services, and tonight at the St. Paul's M. E. church, the Rev. E. G. McKibben will be the speaker.

The attendance at the services has been disappointing, and has not measured up to expectation. The topics are being followed by the ministers each evening, as outlined for the entire state.

Tonight the Rev. Mr. McKibben will speak of "Foreign Mission," and the address Friday night at the First Presbyterian church will be by the Rev. L. E. Brown, and will be on the subject, "The Family, the Schools and the Youth."

The regular choir practice for the First Presbyterian church for Friday night will be held at 6:30, it was announced today, in order that the "Week of Prayer" service may be held at the church an hour later.

FAIRMOUNT MAN IS ELECTED

W. M. Jones Demands Repudiation of State Board McCray Action

Indianapolis, Ind., Jan. 10.—Following a speech demanding repudiation of the action of the State Board of Agriculture in making a loan of \$155,000 to Governor McCray, William M. Jones of Fairmount was elected secretary-treasurer of the board today.

In order to become secretary-treasurer he resigned as a member of the board.

Governor McCray may appoint George Montgomery of Indianapolis to succeed Jones. Montgomery was defeated as a candidate for membership on the board in the election of members Wednesday.

TO FIGHT RUM RUNNING

Washington, Jan. 10.—Rum running alone is keeping alive violations of the prohibition law, Secretary of the Treasury Mellon believes, and for that reason he will fight efforts of Budget Director Lord to kill a requested appropriation of \$28,500,000 for light ships to combat rum runners.

M. A. Blacklidge Oldest Resident Of Rush County

In Possession of All His Faculties And Hitches Horses to Buggy Unassisted Whenever He Wishes to Come to Rushville. Recently Passed 93rd Milestone.

Marshall A. Blacklidge, the oldest resident of this county, passed his ninety-third milestone last Saturday, January 5, at his home northeast of the city, where he has lived all his life. There was no celebration in memory of the occasion, Mr. Blacklidge spending the day quietly.

He is a very remarkable old man, for his age, being able to walk very good with the aid of a cane, can still read the newspapers with the aid of his glasses, and still writes letters to his relatives and friends. His hearing is somewhat affected, although it is not much of a hindrance to him. Mr. Blacklidge still has his horse and buggy and when he wants to go anywhere, he goes out and hitches his horse to the buggy without any assistance. He is enjoying good health, with the exception of a slight touch of rheumatism.

He has three daughters, Mrs. Sarah Brooks, Mrs. Nancy Applegate and Mrs. Fanny Wiley, all living in this county, and a son, Harvey Blacklidge, who lives in Virginia. Two years ago Mr. Blacklidge visited his son. He has one nephew, Marshall Blacklidge, who lives near here.

Mr. Blacklidge has been a resident of this county all his life, being one of the pioneer settlers, and has lived on the same farm, during the ninety-three years. He is the oldest man in the county, being about six months older than B. W. Rilev. of this city.

LABOR DISORDERS THROUGHOUT GERMANY

Conditions In Ferment Due To Effort To Scrap Eight Hour Day And Reduce Wages

POLICE USE THEIR BAYONETS

Berlin, Jan. 10.—Wide-spread labor disorders have broken out in many parts of Germany as a result of the efforts to scrap the eight hour day and reduce wages, dispatches revealed today.

At Bochum, police used daggers and bayonets to repulse a hoard of unemployed who stormed metal works, seeking to drag out workers employed in the plants.

The metal unions decided on a general strike affecting the north western group of mines in the Bochum district.

Widespread disorders also occurred at Renscheid. A steel plant discharged its whole working crew. At Neuhoof radicals held up a train carrying workers and stoned them.

Many shots were fired when police attempted to restore order. Several persons were taken to hospitals. Dispatches described conditions in mid Germany as "in a ferment."

CONSPIRACY IS ALLEGED

Forty-Eight Held For Bombing Hotel Lobby at Montpelier

Hartford City, Ind., Jan. 10.—Charges of conspiracy to commit a felony were filed today against forty-eight men who were arrested at Montpelier yesterday as suspects in the bombing of the Columbia hotel there.

The charges were contained in a blanket affidavit signed by William B. Clark, deputy sheriff, who was in the hotel at the time of the explosion, and Prosecutor Maddox.

Judge Victor Simmons fixed bond in the sum of \$5,000 for each man. The Blackford county grand jury will meet January 14 to investigate the explosion, it was announced.

AT STREET INTERSECTION

Two Machines Collide, Dr. F. H. Green's Coupe Being Damaged

A Ford coupe driven by Dr. Frank H. Green and another machine driven by a young man by the name of Johnson, living south of Rushville, collided this morning at Tenth and Main streets, and each machine was damaged, but no one was injured.

The Johnson car was going east in Tenth, and Dr. Green was going north in Main street. The accident was said to be unavoidable. The Johnson machine struck the other car full blast, breaking the fender and running board, and smashing in the door. The Johnson car had a broken wheel, and was damaged slightly otherwise.

COUNTY SUFFERS IN DISTRIBUTION

Pays \$18,956.52 in School Taxes to State And Receives Back \$14,359.46, Loss of \$4,597.16

TO AID BACKWARD COUNTIES

Distribution is Based on Enumeration, Children of School Age Here Numbering 4593

Rush county, as usual, loses in the semi-annual distribution of school funds by the state.

This county paid in \$18,956.62 at the semi-annual settlement with the state in December, which represented the money collected as state school taxes during the last half of 1923.

The county will receive back in the distribution by the state the sum of \$14,359.46, which represents a loss of \$4,597.16 in the transaction.

That is the sum that Rush county paid toward the support of backward counties with poor school systems. Only one other county in the state—Benton—suffers more in this semi-annual transaction.

The total amount to be distributed by the state at this time is \$2,534,370.40. This sum is produced by the combined revenues of the state common school tax of 7 cents and the 6 percent interest from the State school fund of \$11,500,000.

The state distributes this income from the tax and the fund twice a year in June and January.

Equitable distribution is effected on a basis of the enumeration of all children in each county between the ages of six and twenty-one. For every pupil enumerated, each county receives \$3.12637827. Rush county's enumeration was 4593.

Distribution within the county to the townships, towns and cities is made by the county auditors, according to the number of students in each unit, which will be done here as soon as each school unit share can be computed.

The only other item provided for payment from this fund, according to the state department of education, is the payment of "transfer tuition" in the case of students attending schools in units other than that in which the student has his residence.

In that case, the auditor is instructed to transfer to the township in which the student is attending school the amount allotted to his home township.

DRY ENFORCEMENT VICTORY

Judge Rules Search Warrant Does Not Have to be Specific

South Bend, Ind., Jan. 10.—Prohibition enforcement officials of Indiana won a big point today in the question of search warrants, long a matter of dispute, when Judge Lem J. Ore in Superior Court overruled a motion to squash the indictment in the Alphonso Rhodts case. The defense had charged that the warrant against him was invalid in that it did not describe the property to be searched, nor did it allege that any specific crime had been or was to be committed.

Ore ruled that the warrant was valid as it complied with the Indiana statute regarding the issuance of warrants based on information and belief.

INSTALLED HEAD OF KIWANIS CLUBS

J. Tom Arbuckle of This City Begins Term as District Governor Following Ceremony

O. E. TRUSLER SECRETARY

Delegation of 25 Rushville Kiwanians Attend Closing Session Of Annual Meeting

J. Tom Arbuckle of this city was wearing a Kiwanis District Governor's button today, having been installed as district governor of Indiana Kiwanis at the closing session of the annual meeting of trustees, presidents and secretaries of Kiwanis clubs of the state which was held at the Claypool hotel in Indianapolis.

Omer E. Trusler of this city also became a state officer when he was installed as district secretary at the same time.

To celebrate the elevation of the two Rushville Kiwanians to their respective high offices, a delegation of members of the Rushville club, numbering twenty-five, attended the last session of the state meeting.

Although the annual meeting was primarily for officers of the clubs, any Kiwanian was privileged to attend.

Mr. Arbuckle was elected district governor at the annual meeting of Indiana Kiwanis clubs at South Bend last September, and Mr. Trusler was selected as secretary at the same time.

The loyalty of the Rushville clubmen was responsible for the election of the local men, because they went to South Bend "loaded for bear" and there was little doubt from the beginning but that their campaign would be successful.

Mr. Arbuckle has four assistants, known as lieutenant governors, and one of them is Thomas A. Coleman of Lafayette, a former Rush county man, who is now in charge of county agent work as an employee of the extension division of Purdue university.

The other lieutenant governors are: Walter Fegan of South Bend, John P. Goodwin of Brookville and A. E. Kress of Terre Haute.

Mr. Arbuckle succeeds Burton D. Myers of Blomington, who has been district governor for the past year.

WATSON MAY ENTER INDIANA PRIMARIES

Indiana Senator Will Back President Coolidge, But Is Likely To Oppose Johnson Here

CONFERENCES ARE RESUMED

(By United Press)

Washington, Jan. 10.—Senator James E. Watson, Indiana, has definitely decided not to be a candidate for the Republican presidential nomination.

This was learned today following a final conference between Watson and other Indiana republicans. Watson and the other leaders agreed to unite behind President Coolidge.

Ewing Emison, Vincennes, Indiana, it was indicated, will be the Coolidge manager in Indiana.

Washington, Jan. 10.—Senator Jim Watson will back President Coolidge but probably will enter the Indiana primaries to keep Hiram Johnson from getting the state delegation.

This was the general belief here today as Watson, Joe Kealing and other Indiana politicians prepared to resume their conference with President Coolidge. Watson, Kealing and Postmaster New spent several hours at the White House yesterday. New, who was called in after Watson and the others had left, when asked what he had talked about to Mr. Coolidge, replied:

"To be brutally frank, we talked Indiana politics."

Watson had lunch with the president. He said on leaving he might have an announcement today. Previously, in conferences at the capitol, Watson was understood to have decided to go into the race as Indiana's "favorite son" just to keep Johnson at bay.

INSTALLED HEAD OF KIWANIS CLUBS

Continued from Page One

Dwight Ritter, president of the Indianapolis Kiwanis Club, presided at the meeting. The address of welcome was delivered by Robert Lieber of Indianapolis, followed by a response by Fred H. Bowers of Huntington. Others who spoke were John N. Bromert of Indianapolis, A. R. Ross of Lafayette, Virgil S. Reiter of Hammond, Earl Hedrick of Tipton, Ray Weisbrod of Richmond, Dr. J. R. Andrews of Bedford and Harry E. Yockey of Indianapolis.

As a token of appreciation for Prof. Myers's service during the last year as district governor, a diamond Kiwanis ring was presented to him at a banquet which preceded the night meeting. Early in the afternoon visiting Kiwanians made a tour of inspection of the Riley Memorial Hospital for Children, the children's ward at the Robert W. Long hospital and the Indiana university school of medicine. At a noon luncheon at the Claypool hotel, at which the board of directors of the Riley Memorial Association were hosts, Dr. Myers reported that approximately \$104,000 has been raised by Indiana Kiwanians for the Riley hospital.

The forenoon session was given over to officers' reports and matters of interest in the development of Kiwanis membership and spirit.

Thus saith the Lord, Call unto Me, and I will answer thee, and shew thee great and mighty things which thou knowest not. Behold I will bring it health and cure, and I will cure them, and will reveal unto them the abundance of peace and truth.—Jeremiah 33: 2, 3, 6.

The Bonus Battle

The bonus battle goes on unabated and people who are unable to get possession of all the facts, known not which way to turn, on account of the charges and counter charges from both sides.

Now comes the majority leaders of the lower house of congress with the statement that the majority will stop any consideration of the bonus until tax legislation is out of the way. The same feeling prevails among the majority senators, but their margin of control is so slim that it is very uncertain.

Knowlton Durham, president of the Ex-Service Men's Anti-Bonus League, condemns the American Legion for its pro-bonus stand and takes exception to the comment of some Legion leaders regarding the President's position on the bonus. He warns that the public will oppose coercion and that political terrorism will not bring compensation.

The Ex-Service Men's Anti-Bonus League is founded and directed by able-bodied veterans who served in the World War and its motto is—"For the disabled, Everything—For the able-bodied, Nothing." It represents a conviction and expresses a principle vital in the bonus controversy.

This organization is advocating that members, who are now receiving

or will receive state bonuses, assign those payments to hospitals devoted exclusively to the care of World War Veterans.

States have already distributed approximately \$427,000,000 in bonuses to veterans of the late war, which is in addition to several millions spent by the federal government in caring for the ex-soldiers. Pensions to veterans of all wars, up to the late war, have approximated a little more than \$6,000,000,000 and now it is proposed that a bonus be paid every veteran of the World War able-bodied and disabled alike, which would cost close to \$5,000,000,000.

These are facts that should be taken into consideration in considering the bonus question, over which there will be many wrangles during the present session of congress and in other sessions to come.

Congressional leaders may seek to put off the bonus until the tax reduction program is carried through, but to the man on the outside, this seems improbable because the two questions are so closely involved.

Floods And Socialism

It is recalled of the Johnston flood which some years ago wiped out a Pennsylvania City almost in the twinkling of an eye, that children attending a picnic near by unconsciously of the danger were amusing themselves, using the stream trickling from a crevice in the dam impounding the water, to make "mud pies."

A civil engineer passing by observed the leak in the dam and turned pale. His trained mind quickly comprehended the danger. Mounting a horse he rode the perilous trail through the gorge warning people to flee for their life. Many heeded the warning and escaped but hundreds were drowned, for before he had reached Johnston some 15 miles away, the dam had broken and a great flood of water was thundering down the canyon carrying everything before it.

There is an analogy between this incident and the manner in which socialism is trying to gain a foothold in this country. Government ownership of the banks, of the railroads, of public utilities, insurance, coal mines and oil lands, sponsored as "reforms" by a certain class of politicians masked behind a party name so commensurate as to allay suspicion and attract support, is nothing short of unadulterated socialism.

These exploiters of public credulity proceed on the theory that like the little children making mud pies, the people, unconscious of the danger, will take no notice of what is really the object of these "reform" movements, will not, like the trained engineer, comprehend the danger, but will fall blindly into the trap.

This is a dark-lantern method of which the public should beware.

Indianapolis, Indiana.—"I was in a very nervous and run-down condition while nursing my baby, and hearing some talk of Lydia E. Pinkham's Vegetable Compound, I began taking it. From the second bottle I noticed a big improvement, and I am still taking it. I am not a bit nervous now, and feel like a different person. It is a great medicine for any one in a nervous, run-down condition and I would be glad to give any one advice about taking it. I think there is no better medicine and give you permission to publish this letter."

There are so many different grades of food stuffs that it is not always safe to buy by price alone, a cheap article is most always poor quality, but many times we find that article for which a good price was paid is not up to the standard expected. OH BOY! WE'RE ON A BIG TEN!

The Basket Ball World for this week lists their Big Ten selection, making their ratings from results of past games, and Rushville gets the first official acknowledgement for a position on the Big Ten Ladder. The rank is in tenth place, tied with Whiting, but it is no small position to be tenth in a list of 745 high schools.

Here is the World's Big Ten list for this week, and it is up to the Lions to keep in the big circle:

Brownsburg, Seircleville, Warren, Bremen, Paragon, West Middle, Liberty Center, Carlisle, Center, Dunkirk, Bowers, Eaton, Warsaw, Decatur.

*The teams listed in Honorable Mention are not given in order of strength.

In commenting on how each team got their rating in the standing, the World comments as follows on Rushville:

Rushville must be given ample consideration for their decisive win over Columbus Saturday night on the Rush county floor, 33 to 23. Rushville outplayed the Dobbins crew although the Columbus lads had a night off in basket shooting. The Bull Dogs are due for a come back, however, when they play Manual Friday night.

Hurray! Rushville has finally got her glass backboards up and has won two games since the installation. They blame the backboards for the wins. It's easy to see through the argument all right.—Vincennes Sun.

If Columbus was so worn down and tired out by Shelbyville on the night before they played Rushville, and which they say was the reason for their defeat here, then how in the world does Columbus ever expect to go very far in the state tourney, when they will play two or three hard games in one day? Our answer is this, they won't go very far.

Vincennes, all buoyed up over their victory with Martinsville, is now being primed for Bedford Friday night. Casual Comment says the

tickets are all sold out, indicating an old time capacity house. Funny how the crowd drops, when the team quits winning, ain't it?

Since the fall of Richmond the other night at Muncie, several scribes have taken a jab at the Quakers. Hittin' 'em, however, still is of the opinion that Richmond will blossom forth again strong, and that the defeat really did 'em good.

One of the contris to Hoosier in the Richmond Paladium offers a standing of teams for his section of the state, and places Richmond in fifth position. Brownsburg heads the list, and Hagerstown is second, Fountain City ranks third, and Economy fourth. Gosh, don't some people like to joke? Olive Hill or Pershing ought to be in the list also.

Fountain City comes here Saturday night for a game with the Webb high school team, at their gymnasium on West Third street. The way Webb has been acting here lately, we sorta figure another victory for 'em.

OUR ANINIAS CLUB

Short Passes of Shelbyville takes the silver coated, gold embossed mustache cup that has been hanging in Old Mother Hubbard's cupboard for seventy years, with this comment:

It might be added too, that Shelbyville claims no stars, unless it be stated that they are all stars. The boys all play ball, and to their united efforts goes the credit for their showing.

MAYBE THEIR FEET WERE COLD, GIRLS

Dear Hittin' 'em.

Columbus papers said the gym was too cold to play in, but we girls didn't offer any objections when we played, and it was sure hot enough after a few rounds with the ball.

HITTIN' EM GALLY 2

Yours, New Salem Girls.

THEY NEED AIR, AND LOTS OF IT

Raleigh, Ind.,

Dear Mr. Hittin' 'em—

We read the funny paper up here too. Last Sunday Boob McNutt found out that the Ikkniks can't swim, and have a tendency to sink, and go to the bottom. What do you think of that?

Yours

A SIR WALTER

WE'LL TRY 'EM SOON

That's right, Walter, ole top, Ikkniks are noted for their beauty—that's all—not dangerous either, and we wouldn't be a bit surprised if they aren't good eatin'.

Hardwood Splinters in the Franklin Star, says this:
Shelbyville 28; Columbus 27.
Rushville 33; Columbus 23.

What's that? And Shelbyville comes here Friday night. Well, well.

MORE "SHORT PASSES" FROM SHELBY:

It must be said, however, to the credit of the Shelbyville team, that the Columbus outfit came here keyed up to win, and played a whale of a game of basketball through the forty minutes. The Columbus boys were probably overstepping themselves. Should the score at Rushville be considered as an indication, it is certain that the Bull Dogs were flying too high here.

ANOTHER BIG TEN

C. E. H. of Manual, 1919 class, has submitted a Big Twelve list to Hardwood of the Indianapolis Star, in which he puts the following standing: Bedford, Anderson, Shelbyville, Muncie, Frankfort, Franklin, Martinsville, Technical, Richmond, Rushville, Vincennes, Columbus. The Lions are in tenth place, ahead of Vincennes and Columbus. We expect George of Vincennes and the Columbus scribes will burst out with a lot of razzin' now.

Shortstop And Pennant Team

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Jan. 10—Hans Wagner, one of the best authorities on baseball, voices the opinion that no baseball club can win a pennant without an experienced and intelligent shortstop.

Other good authorities are responsible for the same opinion and, as evidence in support of the theory, it might be recalled that no team ever went to a championship with a hole between second and third.

Without any desire to question the opinion of a player and a student of the game who has forgotten more baseball than a lot of experts ever will know, it would not be impertinent to ask what period of service is required to make a shortstop experienced.

It must be readily admitted that there are exceptions to every rule, and in presenting the case of Joie Sewell it is admitted that his was an exceptional case and perhaps the only one of its kind in modern years, at least.

Sewell was called from a southern college diamond in the middle of the 1920 season to play shortstop for the Cleveland Indians after Ray Chapman had been killed.

With Sewell playing an unusual and an exceptional game, the Indians won the pennant and world's championship.

That case was one of a great emergency, however, and Sewell was of the game, courageous type that was capable of rising to the occasion. Without the desperation of his teammates that was forced up-

on them by tragedy to inspire him, Sewell perhaps might not have responded as heroically and as efficiently as he did.

It might have been, and it is probable also, that if Chapman had only been permanently disabled for the year in the early part of the season, Sewell would not have had an urge beyond ordinary ambition to carry him over such heavy handicap.

If the word of John McGraw can be taken and if he is not throwing out smoke to hide a deal, the Giants will attempt the winning of their fourth straight National League championship with a shortstop who, in a liberal way of looking at it, has not had much experience.

Travis Jackson had a season in the minor leagues after being plucked from a southern college by the Giants and he played in sixty games during the most critical part of the battle for the pennant last season, when Dave Bencroft was out of the game.

It was during the time that Jackson was substituting for the captain of the championships that they played their most brilliant ball and practically won the pennant by a magnificent sweep through the west.

Young Jackson was tried and found true under the most exacting test that could be required and perhaps in that short space of time he gained years of ordinary experience.

McGraw insists that the boy is his regular shortstop and he predicts for him a future that will make him rate along with the best of his predecessors. Jackson was one of the three players McGraw said he would not trade under any circumstances. Frich and Young were the other two.

Wednesday, Another One Will be
Held in Two Weeks

AN EXHIBITION IS PLANNED

The gun club shoot held here Wednesday was pronounced a great success, and more than 3,500 rounds of ammunition were used during the day, with a continuous shooting from 9 o'clock in the morning until dark. On account of the interest displayed, another shoot will be held in two weeks, January 23, at the same place, on the Harrie Jones farm, just south of Rushville, in what was formerly known as Riverside park.

Cliff Staples of Greensburg, a crack marksman, has promised to bring along with him some expert shooters from that city at the next shoot, and an exhibition of shooting will be given at 12:30.

The results of the shooting yesterday, as tabulated with the number of clay pigeons shot at, and broken, are as follows:

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c

"Going Up" Clean Comedy

How eager Rushville audiences are to enjoy clever screen comedy founded on a famous stage success that makes the house vibrate with roars of laughter was proved Wednesday at the Princess theatre, where Douglas MacLean's screen version of "Going Up" was presented and is the bill again today.

"Going Up" was frankly built solely for laughing purposes and it hits the bull's-eye squarely. It is funny from beginning to end without a single lagging scene. The screen story might well serve as a model for comedy producers. It is unusually coherent, filled with suspense and excitement while the laugh-provoking situations convert a pretty drama into a riotous comedy once more to demonstrate how much more can be done on the screen than on the stage.

COUNTY SUED FOR \$2000 ON CLAIM

American Paper Products Company
of Carthage Says Commissioners
Refuse to Allow Claim

FOR BUILDING OF BRIDGE

Complaint, Together With Three
Others, First Filed in Circuit
Court This Year

The refusal of the county board of commissioners to allow the claim for the construction of a bridge on a highway southwest of Carthage, has been embodied in a suit filed today in court by the American Paper Products Company of Carthage, against the county commissioners, asking \$2,000 on an account.

This suit, with three other complaints, is the first filed this year in court.

The Carthage concern, in the complaint, alleges that they brought the attention of the faulty bridge to the commissioners in the summer months and that the commissioners told them to construct the bridge, and file their bill.

The complaint alleges that the commissioners fail to abide by their contract, and refuse to pay the claim for \$1,850.15. The complaint alleges that the bridge was necessary and was over a mill race, and on an important highway, over which United States mail is transported.

The complaint is quite lengthy, and sets out written letters regarding the transaction between Phil Wilk and the Carthage concern.

The first suit docketed in the circuit court this year was filed this morning, and is a complaint for divorce, filed by Eugene H. Hall against Maxine Hall, in which the defendant is charged with abandoning the plaintiff.

They were married January 1, 1916 and separated sometime in January 1921, according to the complaint, and it is alleged that she left him for no reason, and also left a minor child in his custody. She is supposed to be living in Cleveland.

Another complaint was filed in court by Amanda M. Jackson, et al., against Charlotte Wilson, et al., in which the plaintiff asks the court to quiet the title to real estate which is involved in the estate of William M. Jackson, deceased.

Jasper Hester, et al., trustees for the Blue Ridge Wesleyan Methodist church, has filed suit in court against Edith M. Brown, et al., asking that the court establish a lost and mutilated will and to probate the same, involving the estate of John W. and Mary E. Zike, deceased.

A similar suit was filed several days ago.

FUNERAL FOR VICTIM OF BURNS ON FRIDAY

Services Will be Held For Mrs. Sophia Fey, 78, Who Was Fatally Burned at Laurel

2 CHILDREN IN RUSH COUNTY

Funeral services for Mrs. Sophia Fey, age seventy-eight years, who died as the result of being burned, at her home in Laurel, Monday night, will be held at the Methodist church in Laurel Friday morning at ten o'clock and burial will take place in the Laurel cemetery.

LOREN MEER STOCK IS SOLD

Fred A. Caldwell Buys Furniture, Trustee Announces Today

The Loren Meer bankrupt stock of furniture has been sold to Fred A. Caldwell, Rushville furniture dealer, it was announced today by Will M. Frazier, trustee in bankruptcy. Mr. Caldwell said he had not decided what disposition he would make of the stock.

Negotiations have been in progress since the stock as a whole was advertised for sale a few weeks ago, and the contract was closed and the sale approved Wednesday by Harry Sheridan, referee in bankruptcy for this federal court district.

Mr. Meer made an assignment last November, but creditors filed involuntary bankruptcy proceedings, which took precedence over the assignment. John H. Kiplinger acted as temporary receiver for a few weeks before Mr. Frazier was appointed trustee to dispose of the stock.

Attendance at Week Of Prayer Services Being Held This Week Urged By Ministers

The Rev. Gibson Wilson delivered the sermon Wednesday night at the Main Street Christian church, in the weekly observance of the "Week of Prayer" services, and tonight at the St. Paul's M. E. church, the Rev. E. G. McKibben will be the speaker.

The attendance at the services has been disappointing, and has not measured up to expectation. The topics are being followed by the ministers each evening, as outlined for the entire state.

Tonight the Rev. Mr. McKibben will speak of "Foreign Mission," and the address Friday night at the First Presbyterian church will be by the Rev. L. E. Brown, and will be on the subject, "The Family, the Schools and the Youth."

The regular choir practice for the First Presbyterian church for Friday night will be held at 6:30, it was announced today, in order that the "Week of Prayer" service may be held at the church an hour later.

FAIRMOUNT MAN IS ELECTED

W. M. Jones Demands Repudiation of State Board McCray Action

Indianapolis, Ind., Jan. 10.—Following a speech demanding repudiation of the action of the State Board of Agriculture in making a loan of \$155,000 to Governor McCray, William M. Jones of Fairmount was elected secretary-treasurer of the board today.

In order to become secretary-treasurer he resigned as a member of the board.

Governor McCray may appoint George Montgomery of Indianapolis to succeed Jones. Montgomery was defeated as a candidate for membership on the board in the election of members Wednesday.

TO FIGHT RUM RUNNING

Washington, Jan. 10.—Rum running alone is keeping alive violations of the prohibition law, Secretary of the Treasury Mellon believes, and for that reason he will fight efforts of Budget Director Lord to kill a requested appropriation of \$28,500,000 for light ships to combat rum runners.

M. A. Blackledge Oldest Resident Of Rush County

In Possession of All His Faculties And Hitches Horses to Buggy Unassisted Whenever He Wishes to Come to Rushville. Recently Passed 93rd Milestone.

Marshall A. Blackledge, the oldest resident of this county, passed his ninety-third milestone last Saturday, January 5, at his home northeast of the city, where he has lived all his life. There was no celebration in memory of the occasion, Mr. Blackledge spending the day quietly.

He is a very remarkable old man, for his age, being able to walk very good with the aid of a cane, can still read the newspapers with the aid of his glasses, and still writes letters to his relatives and friends. His hearing is somewhat affected, although it is not much of a hindrance to him. Mr. Blackledge still has his horse and buggy and when he wants to go anywhere, he goes out and hitches his horse to the buggy without any assistance. He is enjoying good health, with the exception of a slight touch of rheumatism.

He has three daughters, Mrs. Sarah Brooks, Mrs. Nancy Applegate and Mrs. Fanny Wiley, all living in this county, and a son, Harvey Blackledge, who lives in Virginia. Two years ago Mr. Blackledge visited his son. He has one nephew, Marshall Blackledge, who lives near here.

Mr. Blackledge has been a resident of this county all his life, being one of the pioneer settlers, and has lived on the same farm, during the ninety-three years. He is the oldest man in the county, being about six months older than B. W. Riley, of this city.

LABOR DISORDERS THROUGHOUT GERMANY

Conditions in Ferment Due To Effort To Scrap Eight Hour Day And Reduce Wages

POLICE USE THEIR BAYONETS

Berlin, Jan. 10.—Wide-spread labor disorders have broken out in many parts of Germany as a result of the efforts to scrap the eight hour day and reduce wages, dispatches revealed today.

At Bochum, police used daggers and bayonets to repulse a hoard of unemployed who stormed metal works, seeking to drag out workers employed in the plants.

The metal unions decided on a general strike affecting the north western group of mines in the Bochum district.

Widespread disorders also occurred at Remscheid. A steel plant discharged its whole working crew. At Neuhoof radicals held up a train carrying workers and stoned them.

Many shots were fired when police attempted to restore order. Several persons were taken to hospitals. Dispatches described conditions in mid Germany as "in a ferment."

CONSPIRACY IS ALLEGED

Forty-Eight Held For Bombing Hotel Lobby at Montpelier

Hartford City, Ind., Jan. 10.—Charges of conspiracy to commit a felony were filed today against forty-eight men who were arrested at Montpelier yesterday as suspects in the bombing of the Columbia hotel there.

The charges were contained in a blanket affidavit signed by William B. Clark, deputy sheriff, who was in the hotel at the time of the explosion, and Prosecutor Maddox.

Judge Victor Simmons fixed bond in the sum of \$5,000 for each man. The Blackford county grand jury will meet January 14 to investigate the explosion, it was announced.

AT STREET INTERSECTION

Two Machines Collide, Dr. F. H. Green's Coupe Being Damaged

A Ford coupe driven by Dr. Frank H. Green and another machine driven by a young man by the name of Johnson, living south of Rushville, collided this morning at Tenth and Main streets, and each machine was damaged, but no one was injured.

The Johnson car was going east in Tenth, and Dr. Green was going north in Main street. The accident was said to be unavoidable. The Johnson machine struck the other car full blast, breaking the fender and ripping board, and smashing in the door. The Johnson car had a broken wheel, and was damaged slightly otherwise.

COUNTY SUFFERS IN DISTRIBUTION

Pays \$18,956.52 in School Taxes to State And Receives Back \$14,359.46, Loss of \$4,597.16

TO AID BACKWARD COUNTIES

Distribution is Based on Enumeration, Children of School Age Here Numbering 4593

Rush county, as usual, loses in the semi-annual distribution of school funds by the state.

This county paid in \$18,956.52 at the semi-annual settlement with the state in December, which represented the money collected as state school taxes during the last half of 1923.

The county will receive back in the distribution by the state the sum of \$14,359.46, which represents a loss of \$4,597.16 in the transaction.

That is the sum that Rush county paid toward the support of backward counties with poor school systems. Only one other county in the state—Benton—suffers more in this semi-annual transaction.

The total amount to be distributed by the state at this time is \$2,534,370.40. This sum is produced by the combined revenues of the state common school tax of 7 cents and the 6 percent interest from the State school fund of \$11,500,000.

The state distributes this income from the tax and the fund twice a year in June and January.

Equitable distribution is effected on a basis of the enumeration of all children in each county between the ages of six and twenty-one. For every pupil enumerated, each county receives \$3.12637827. Rush county's enumeration was 4593.

Distribution within the county to the townships, towns and cities is made by the county auditors, according to the number of students in each unit, which will be done here as soon as each school unit share can be computed.

The only other item provided for payment from this fund, according to the state department of education, is the payment of "transfer tuition" in the case of students attending schools in units other than that in which the student has his residence.

In that case, the auditor is instructed to transfer to the township in which the student is attending school the amount allotted to his home township.

DRY ENFORCEMENT VICTORY

Judge Rules Search Warrant Does Not Have to be Specific

South Bend, Ind., Jan. 10.—Prohibition enforcement officials of Indiana won a big point today in the question of search warrants, long a matter of dispute, when Judge Lem J. Ore in Superior Court overruled a motion to quash the indictment in the Alphonso Rhodis case. The defense had charged that the warrant against him was invalid in that it did not describe the property to be searched, nor did it allege that any specific crime had been or was to be committed.

Ore ruled that the warrant was valid as it complied with the Indiana statute regarding the issuance of warrants based on information and belief.

INSTALLED HEAD OF KIWANIS CLUBS

J. Tom Arbuckle of This City Begins Term as District Governor Following Ceremony

O. E. TRUSLER SECRETARY

Delegation of 25 Rushville Kiwanians Attend Closing Session Of Annual Meeting

J. Tom Arbuckle of this city was wearing a Kiwanis District Governor's button today, having been installed as district governor of Indiana Kiwanis at the closing session of the annual meeting of trustees, presidents and secretaries of Kiwanis clubs of the state which was held at the Claypool hotel in Indianapolis.

Omer E. Trusler of this city also became a state officer when he was installed as district secretary at the same time.

To celebrate the elevation of the two Rushville Kiwanians to their respective high offices, a delegation of members of the Rushville club, numbering twenty-five, attended the last session of the state meeting.

Although the annual meeting was primarily for officers of the clubs, any Kiwanian was privileged to attend.

Mr. Arbuckle was elected district governor at the annual meeting of Indiana Kiwanis clubs at South Bend last September, and Mr. Trusler was selected as secretary at the same time.

The loyalty of the Rushville clubmen was responsible for the election of the local men, because they went to South Bend "loaded for bear" and there was little doubt from the beginning but that their campaign would be successful.

Mr. Arbuckle has four assistants, known as lieutenant governors, and one of them is Thomas A. Coleman of Lafayette, a former Rush county man, who is now in charge of county agent work as an employee of the extension division of Purdue university.

The other lieutenant governors are: Walter Fegan of South Bend, John P. Goodwin of Brookville and A. E. Kress of Terre Haute.

Mr. Arbuckle succeeds Burton D. Myers of Blomington, who has been district governor for the past year.

WATSON MAY ENTER INDIANA PRIMARIES

Indiana Senator Will Back President Coolidge, But Is Likely To Oppose Johnson Here

CONFERENCES ARE RESUMED

(By United Press)

Washington, Jan. 10.—Senator James E. Watson, Indiana, has definitely decided not to be a candidate for the Republican presidential nomination.

This was learned today following a final conference between Watson and other Indiana republicans, Watson and the other leaders agreed to unit behind President Coolidge.

Ewing Emison, Vincennes, Indiana, it was indicated, will be the Coolidge manager in Indiana.

Washington, Jan. 10.—Senator Jim Watson will back President Coolidge but probably will enter the Indiana primaries to keep Hiram Johnson from getting the state delegation.

This was the general belief here today as Watson, Joe Kealing and other Indiana politicians prepared to resume their conference with President Coolidge. Watson, Kealing and Postmaster New spent several hours at the White House yesterday. New, who was called in after Watson and the others had left, when asked what he had talked about to Mr. Coolidge, replied:

"To be brutally frank, we talked Indiana politics."

Watson had lunch with the president. He said on leaving he might have an announcement today. Previously, in conferences at the capitol, Watson was understood to have decided to go into the race as Indiana's "favorite son" just to keep Johnson at bay.

Early in the afternoon visiting Kiwanians made a tour of inspection of the Riley Memorial Hospital for Children, the children's ward at the Robert W. Long hospital and the Indiana university school of medicine. At a noon luncheon at the Claypool hotel, at which the board of directors of the Riley Memorial Association were hosts, Dr. Myers reported that approximately \$104,000 has been raised by Indiana Kiwanians for the Riley hospital. The forenoon session was given over to officers' reports and matters of interest in the development of Kiwanis membership and spirit.

Thus saith the Lord, Call unto Me, and I will answer thee, and shew thee great and mighty things which thou knowest not. Behold I will bring it health and cure, and I will cure them, and will reveal unto them the abundance of peace and truth.—Jeremiah 33: 2, 3, 6.

The Bonus Battle

The bonus battle goes on unabated and heroes who are unable to get possession of all the facts, known not which way to turn, on account of the charges and counter charges from both sides.

Now comes the majority leaders of the lower house of congress with the statement that the majority will stop any consideration of the bonus until tax legislation is out of the way. The same feeling prevails among the majority senators, but their margin of control is so slim that it is very uncertain.

Knowlton Durham, president of the Ex-Service Men's Anti-Bonus League, condemns the American Legion for its pro-bonus stand and takes exception to the comment of some Legion leaders regarding the President's position on the bonus. He warns that the public will oppose coercion and that political terrorism will not bring compensation.

The Ex-Service Men's Anti-Bonus League is founded and directed by able-bodied veterans who served in the World War and its motto is—"For the disabled, Everything—For the able-bodied, Nothing." It represents a conviction and expresses a principle vital in the bonus controversy.

This organization is advocating that members, who are now receiving

or will receive state bonuses, assign those payments to hospitals devoted exclusively to the care of World War Veterans.

States have already distributed approximately \$427,000,000 in bonuses to veterans of the late war, which is in addition to several millions spent by the federal government in caring for the ex-soldiers. Pensions to veterans of all wars, up to the late war, have approximated a little more than \$6,000,000,000 and now it is proposed that a bonus be paid every veteran of the World War able-bodied and disabled alike, which would cost close to \$5,000,000,000.

These are facts that should be taken into consideration in considering the bonus question, over which there will be many wrangles during the present session of congress and in other sessions to come.

Congressional leaders may seek to put off the bonus until the tax reduction program is carried through, but to the man on the outside, this seems improbable because the two questions are so closely involved.

Floods And Socialism

It is recalled of the Johnstown flood which some years ago wiped out a Pennsylvania City almost in the twinkling of an eye, that children attending a picnic near by unconsciously of the danger were amusing themselves, using the stream trickling from a crevice in the dam impounding the water, to make "mud pies".

A civil engineer passing by observed the leak in the dam and turned pale. His trained mind quickly comprehended the danger. Mounting a horse he rode the perilous trail through the gorge warning people to flee for their life. Many heeded the warning and escaped but hundreds were drowned, for before he had reached Johnstown some 15 miles away, the dam had broken and a great flood of water was thundering down the canyon carrying everything before it.

There is an analogy between this incident and the manner in which socialism is trying to gain a foothold in this country. Government ownership of the banks, of the railroads, of public utilities, insurance, coal mines and oil lands, sponsored as "reforms" by a certain class of politicians masked behind a party name so commensurate as to allay suspicion and attract support, is nothing short of unadulterated socialism.

These exploiters of public credulity proceed on the theory that like the little children making mud pies, the people, unconscious of the danger, will take no notice of what is really the object of these "reform" movements, will not, like the trained engineer, comprehend the danger, but will fall blindly into the trap.

This is a dark-lantern method of which the public should beware.

Selecting the best place to buy is often a difficult problem. There are so many different grades of food stuffs that it is not always safe to buy by price alone, a cheap article is most always poor quality, but many times we find that article for which a good price was paid is not up to the standard expected.

It is the policy of our store to sell only foodstuffs of known value and purity.

LIONS IN WORLD'S
BIG TEN SELECTION

NEWSY GOSSIP IN THE WORLD OF SPORT

SHELBYVILLE MAKES
MORE "SHORT PASSES"

HITTIN' 'EM
AND
MISSIN' 'EM

OH BOY! WE'RE ON
A BIG TEN!

The Basketball World for this week lists their Big Ten selection, making their ratings from results of past games, and Rushville gets the first official acknowledgement for a position on the Big Ten Ladder. The rank is in tenth place, tied with Whiting, but it is no small position to be tenth in a list of 745 high schools.

Here is the World's Big Ten list for this week, and it is up to the Lions to keep in the big circle:

BIG TEN

- 1-BEDFORD
- 2-FRANKFORT
- 3-ANDERSON
- 4-MUNCIE
- 5-FRANKLIN
- 6-SHELBYVILLE
- 7-VINCENNES
- 8-BLOOMINGTON
- 9-MARTINSVILLE
- 10-RUSHVILLE, WHITING.

Honorable Mention—Richmond, Kokomo, Crawfordsville, Columbus, Montmorenci, Monrovia, Connersville, Lafayette, Rochester, Elwood, Central (Evansville), South Bend, Washington, Danbridge, Technical, of (Indpls.) Brownsburg, Seasideville, Warren, Bremen, Paragon, West Middleton, Liberty Center, Carlisle, Center, Dunkirk, Bowers, Eaton, Warsaw, Decatur.

The teams listed in Honorable Mention are not given in order of strength.

In commenting on how each team got their rating in the standing, the World comments as follows on Rushville:

Rushville must be given ample consideration for their decisive win over Columbus Saturday night on the Rush county floor, 33 to 23. Rushville outplayed the Dobbins crew although the Columbus lads had a night-off in basket shooting. The Bull Dogs are due for a come back, however, when they play Manual Friday night.

JUST LIKE OSTRICH

"The Ikniks also have long legs but lack the kick, so we are told," Hittin' 'Em.

Ostriches have long legs buddy but when they kick, gosh they kick—Side Lights, Connersville.

There they go, trying to compare an Iknik to an ostrich. Wonder to us if they didn't call 'em a stork, because they usually bring trouble.

Hurray! Rushville has finally got her glass backboards up and has won two games since the installation. They blame the backboards for the wins. It's easy to see through the argument all right.—Vincennes Sun.

If Columbus was so worn down and tired out by Shelbyville on the night before they played Rushville, and which they say was the reason for their defeat here, then how in the world does Columbus ever expect to go very far in the state tourney, when they will play two or three hard games in one day? Our answer is this, they won't go very far.

Vincennes, all buoyed up over their victory with Martinsville, is now being primed for Bedford Friday night. Casual Comment says "the

tickets are all sold out, indicating an old time capacity house. Funny how the crowd drops, when the team quits winning, ain't it?

Since the fall of Richmond the other night at Muncie, several scribes have taken a jab at the Quakers. Hittin' 'em, however, still is of the opinion that Richmond will blossom forth again strong, and that the defeat really did 'em good.

One of the contris to Hoosier in the Richmond Paladium offers a standing of teams for his section of the state, and places Richmond in fifth position. Brownsville heads the list, and Hagerstown is second, Fountain City ranks third, and Economy fourth. Gosh, don't some people like to joke? Olive Hill or Pershing ought to be in the list also.

Fountain City comes here Saturday night for a game with the Webb high school team, at their gymnasium on West Third street. The way Webb has been acting here lately, we sorta figure another victory for 'em.

OUR ANIMAS CLUB

Short Passes of Shelbyville takes the silver coated, gold embossed mustache cup that has been hanging in Old Mother Hubbard's cupboard for seventy years, with this comment:

It might be added too, that Shelbyville claims no stars, unless it be stated that they are all stars. The boys all play ball, and to their united efforts goes the credit for their showing.

MAYBE THEIR FEET WERE
COLD, GIRLS

Dear Hittin' 'em.
Columbus papers said the gym was too cold to play in, but we girls didn't offer any objections when we played, and it was sure hot enough after a few rounds with the ball.
HITTIN' EM GALLY 2
Yours, New Salem Girls.

THEY NEED AIR, AND LOTS
OF IT

Raleigh, Ind.,
Dear Mr. Hittin' 'em—
We read the funny paper up here too. Last Sunday Boob McNutt found out that the Ikniks can't swim, and have a tendency to sink, and go to the bottom. What do you think of that?
Yours
A SIR WALTER
WE'LL TRY 'EM SOON
That's right, Walter, ole top, Ikniks are noted for their beauty—that's all—not dangerous either, and we wouldn't be a bit surprised if they aren't good eatin'.

Hardwood Splinters in the Franklin Star, says this:
Shelbyville 28; Columbus 27.
Rushville 33; Columbus 23.
What's that? And Shelbyville comes here Friday night. Well, well.

MORE "SHORT PASSES"
FROM SHELBY:

It must be said, however, to the credit of the Shelbyville team, that the Columbus outfit came here keyed up to win, and played a whale of a game of basketball through the forty minutes. The Columbus boys were probably overstepping themselves. Should the score at Rushville be considered as an indication, it is certain that the Bull Dogs were flying too high here.

ANOTHER BIG TEN

C. F. H. of Manual, 1919 class, has submitted a Big Twelve list to Hardwood of the Indianapolis Star, in which he puts the following standing: Bedford, Anderson, Shelbyville, Muncie, Frankfort, Franklin, Martinsville, Technical, Richmond, Rushville, Vincennes, Columbus. The Lions are in tenth place, ahead of Vincennes and Columbus. We expect George of Vincennes and the Columbus scribes will burst out with a lot of razzin' now.

Shortstop And Pennant Team

By HENRY D. FARRELL
(United Press Sports Editor)

New York, Jan. 10.—Hans Wagner, one of the best authorities on baseball, voices the opinion that no baseball club can win a pennant without an experienced and intelligent shortstop.

Other good authorities are responsible for the same opinion and, as evidence in support of the theory, it might be recalled that no team ever went to a championship with a hole between second and third.

Without any desire to question the opinion of a player and a student of the game who has forgotten more baseball than a lot of experts ever will know, it would not be impertinent to ask what period of service is required to make a shortstop experienced.

It must be readily admitted that there are exceptions to every rule, and in presenting the case of Joe Sewell it is admitted that his was an exceptional case and perhaps the only one of its kind in modern years, at least.

Sewell was called from a southern college diamond in the middle of the 1920 season to play shortstop for the Cleveland Indians after Ray Chapman had been killed.

With Sewell playing an unusual and an exceptional game, the Indians won the pennant and world's championship.

That case was one of a great emergency, however, and Sewell was of the game, courageous type that was capable of rising to the occasion. Without the desperation of his teammates that was forced up-

on them by tragedy to inspire him, Sewell perhaps might not have responded as heroically and as efficiently as he did.

It might have been, and it is probable also, that if Chapman had only been permanently disabled for the year in the early part of the season, Sewell would not have had an urge beyond ordinary ambition to carry him over such heavy handicap.

If the word of John McGraw can be taken and if he is not throwing out smoke to hide a deal, the Giants will attempt the winning of their fourth straight National League championship with a shortstop who, in a liberal way of looking at it, has not had much experience.

Travis Jackson had a season in the minor leagues after being plucked from a southern college by the Giants and he played in sixty games during the most critical part of the battle for the pennant last season, when Dave Beneroff was out of the game.

It was during the time that Jackson was substituting for the captain of the championships that they played their most brilliant ball and practically won the pennant by a magnificent sweep through the west.

Young Jackson was tried and found true under the most exacting test that could be required and perhaps in that short space of time he gained years of ordinary experience.

McGraw insists that the boy is his regular shortstop and he predicts for him a future that will make him rate along with the best of his predecessors. Jackson was one of the three players McGraw said he would not trade under any circumstances. Frich and Young were the other two.

On Account of Interest Displayed
Wednesday, Another One Will be
Held in Two Weeks

AN EXHIBITION IS PLANNED

The gun club shoot held here Wednesday was pronounced a great success, and more than 3,500 rounds of ammunition were used during the day, with a continuous shooting from 9 o'clock in the morning until dark.

On account of the interest displayed, another shoot will be held in two weeks, January 23, at the same place, on the Harrie Jones farm, just south of Rushville, in what was formerly known as Riverside park.

Bliff Staples of Greensburg, a crack marksman, has promised to bring along with him some expert shooters from that city at the next shoot, and an exhibition of shooting will be given at 12:30.

The results of the shooting yesterday, as tabulated with the number of clay pigeons shot at, and broken, are as follows:

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Olive Tablets the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief. Eat what you like. 15c and 30c.

AMUSEMENTS

"Going Up" Clean Comedy

How eager Rushville audiences are to enjoy clever screen comedy founded on a famous stage success that makes the house vibrate with roars of laughter was proved Wednesday at the Princess theatre, where Douglas MacLean's screen version of "Going Up" was presented and is the bill again today.

"Going Up" was frankly built solely for laughing purposes and it hits the bull's-eye squarely. It is funny from beginning to end without a single lagging scene. The screen story might well serve as a model for comedy producers. It is unusually coherent, filled with suspense and excitement while the laugh-provoking situations convert a pretty drama into a riotous comedy once more to demonstrate how much more can be done on the screen than on the stage.
